

Brown and Beige Fat
Organ Crosstalk,
Signaling
and Energetics

BATenergy

Preliminary Program International Conference

Brown and Beige Fat
Organ Crosstalk,
Signaling
and Energetics

BATenergy

Hamburg, May 22 -24 2023

Congress Venue

Bucerius Law School

Helmut Schmidt Auditorium

Supported by the

DFG

Deutsche
Forschungsgemeinschaft

German Research Foundation

Sunday, May 21 2023 **Arrival**

Monday, May 22 2023

Session 1 - Energy Handling by Thermogenic Adipose Tissues (Chair Martin Klingenspor)

- 9:00 – 9:10** **Welcome by Alexander Pfeifer and Jörg Heeren**
- 9:10 – 9:50** **Barbara Cannon (Stockholm, Sweden)**
Brown and browning adipose tissues: basic issues
- 9:50 – 10:20** **David Guertin (Worcester, USA)**
Metabolic Adaptations that Power Adipocyte Thermogenesis
- 10:20 – 10:35** **Short presentation I selected from Abstracts (10 min + 5 min)**
- 10:35 – 10:50** **Short presentation II selected from Abstracts (10 min + 5 min)**
- 10:50 – 11:30** **Coffee break and refreshment**

Session 2 – Thermogenic Adipose Tissues and Metabolic Imaging (Chair Wiebke Fenske)

- 11:30 – 12:00** **Kirsi Virtanen (Turku, Finland)**
Title TBA
- 12:00 – 12:30** **Maria Chondronikola (Davis, USA)**
The role of the human brown adipose tissue in free fatty acid and triglyceride metabolism
- 12:30 – 12:45** **Short presentation III selected from Abstracts (10 min + 5 min)**
- 12:45 – 13:00** **Short presentation IV selected from Abstracts (10 min + 5 min)**
- 13:00 – 14:00** **Lunch**

Session 3 – Thermogenic Adipose Tissues and Lipid Metabolism (Chair Joerg Heeren)

- 14:00 – 14:30** **Patrick Rensen (Leiden, The Netherlands)**
Title TBA
- 14:30 – 15:00** **Martina Schweiger (Graz, Austria)**
Macrophage-Neuron-Adipocyte communication during catabolic remodeling of white adipose tissue
- 15:00 – 15:30** **Aaron Cypess (Bethesda, USA)**
Using Metabolic Imaging of Human Thermogenic Adipose Tissues to Determine their Physiological Roles

Brown and Beige Fat
Organ Crosstalk,
Signaling
and Energetics

BATenergy

15:30 – 15:45 Short presentation V selected from Abstracts (10 min + 5 min discussion)

15:45 – 16:00 Short presentation VI selected from Abstracts (10 min + 5 min discussion)

Poster Session 1 with Wine, Beer and Refreshment

16:00 – 18:00 Foyer Helmut Schmidt Auditorium

Tuesday, May 23 2023

Session 4 – Signals and Pathways in Thermogenic Adipose Tissues (Chair Dagmar Wachten)

9:00 – 9:30 Zachary Gerhart-Hines (Copenhagen, Denmark)
Title TBA

9:30 – 10:00 Yu-Hua Tseng (Boston, USA)
Brown fat in communication: within and without

10:00 – 10:15 Short presentation VII selected from Abstracts (10 min + 5 min)

10:15 – 10:30 Short presentation VIII selected from Abstracts (10 min + 5 min)

10:30 – 11:00 **Coffee break and refreshment**

Session 5 – Adipocyte Subpopulations in Thermogenic Adipose Tissues (Chair Alexander Pfeifer)

11:00 – 11:40 Shingo Kajimura (Boston, USA)
Title TBA

11:40 – 12:10 Christian Wolfrum (Zürich, Switzerland)
Title TBA

12:10 – 12:40 Jae Bum Kim (Seoul, South Korea)
Title TBA

12:40 – 12:55 Short presentation IX selected from Abstracts (10 min + 5 min)

12:55 – 13:10 Short presentation X selected from Abstracts (10 min + 5 min)

13:10 – 14:15 **Lunch**

Brown and Beige Fat
Organ Crosstalk,
Signaling
and Energetics

BATenergy

14:15 -15:00

Talk with the Editors and the DFG

Georg Caputa (Nature), Nature Metabolism (Christoph Schmitt), ...
Georg Munz (DFG),...

Poster Session 2 with Coffee and Refreshment

15:00 – 17:00

Foyer Helmut Schmidt Auditorium

Social Evening

19:00 – 22:00

Boat Trip on the Elbe River (Start Landungsbrücken)

Wednesday, May 24 2023

Session 6 – Adipocyte Heterogeneity and Cellular Models (Chair Anna Worthmann)

9:00 – 9:30

Camilla Scheele (Copenhagen, Denmark)
Title TBA

9:30 – 10:00

Carolina Hagberg (Stockholm, Sweden)
Using 3D cultures to study adipocyte growth and dysfunction

10:00 – 10:15

Short presentation XI selected from Abstracts (10 min + 5 min)

10:15 – 10:30

Short presentation XII selected from Abstracts (10 min + 5 min)

10:30 – 11:30

Coffee break and refreshment

Session 7 – Adipose Tissue Development and Remodelling (Chair Henriette Uhlénhaut)

11:30 – 12:00

Patrick Seale (Philadelphia, USA)
Fate and function of adipose tissue mesenchymal cell

12:00 – 12:30

Audrey Carrière (Toulouse, France)
Lactate fluxes and plasticity of adipose tissues

12:30 – 13:00

Alexander Bartelt (Munich, Germany)
Discovering novel brown fat regulators through epigenetics

13:00 – 13:15

Awards for Best Poster and Best Presentation
Closing remarks by Alexander Pfeifer and Jörg Heeren
